HERO

Welcome to the planet Mobius – a world unique and beyond what you know from the SEGA games!
Where Sonic the Hedgehog and the heroic Freedom Fighters work to save the world from the forces of evil!

SONIC THE HEDGEHOG™

PREVIOUSLY...

Since Dr. Eggman launched his evil DEATH EGG Mark 2 battle station, the Freedom Fighters have had it pretty rough! The evil (omelet) dictator's first attack was the "Cosmic Reset Button," which altered reality itself!

Super Sonic was able to set the world right, but was unable to save Sally as she bravely sacrificed herself to stop Eggman's World Roboticizer. Transforming her into the most menacing evil the planet Mobius has ever seen: MECHA SALLY.

Meanwhile, Ixis Wizard Apprentice Geoffrey St. John was finally convicted of treason by the high court of the Acorn Kingdom. Though Commander Antoine D'Coolette successfully prosecuted the skunk for his crimes, King Ixis Naugus, the evil Ixis Wizard, used his royal pardon to let Geoffrey off the hook. With Naugus' apprentice free, and his rule unchallenged, the former royal family have chosen exile.

The Freedom Fighters now prepare to deliver the former royal family to their new life away from the public eye...

...AND, WELL, THIS IS NAUGUS WE'RE TALKING ABOUT. WITH THE DEATH EGG OUT THERE, YOU DON'T NEED FURTHER TROUBLE AT HOME.
I KNOW, I KNOW. I UNDERSTAND WHAT YOU'RE DOING. I JUST WISH YOU'D STICK AROUND.
The Acorns will take the Mobo-Cruiser from New Mobotropolis to Queen Consort Megan's old home in Feral Forest. I do not expect any of the troubles from Naugus WITHIN the city. There are too many witnesses.
The turnout for the farewell gathering is expected to be huge. I am not understanding --if the people love Elias, why are they putting their faith in Naugus?
But that is something I will investigate later. Tomorrow the FREEDOM FIGHTERS will provide the escort to ensure that Naugus and St. John do not try anything.
THIS IS SONIC TO THE TORNADO. ...YOU READ ME?

Dear Sonic-Grams,
Issue #233 was truly outstanding, as well at the issues leading up to this and the Sonic Universe issues. I really enjoy the serious storyline; war isn't fair or pretty. The tragic events that the heroes and villains (I'm not calling Geoffrey a villain) have to deal with while they fight for reasons that motivated them in their ways makes them stand out in wonderful ways. It provides a lot more entertainment and enjoyment in opening a comic and reading. I love this issue as I am always curious how Geoffrey fit into the Kingdom of Acorns, and Antoine's prosecution was well thought out and epic. I do have high respect for him, especially since he's growing to be a strong and solid character.

Strong and solid indeed, as the end of this issue will attest. Discover his fate NEXT ISSUE!

I've been a life long fan of Sonic, and began collecting the comics around issue #28 and I have the Sonic Archives (all of them so far). I am a very happy fan that the comics are growing to become a deeper and serious world. I did like the silliness and the humorous comics of the past when I was young, but I may not now. The cheeky humor is satisfied by the Off Panels; this issue was really created well!

The prime cheeksters of said Off-Panel strips would be our resident cheek-oligist and chief of our pun derp-partment, Jon Gray!

Keep up the good work! And whatever happens to Sally, even if it's tragic or not, you'll have a life long fan!

Lonerli K.
from Indiana

P.S. I want to give a shout out to Elias and his family's part in this issue. Best family to be in, so loyal and honorable to each other.

It will be interesting to see how Elias and the Acorns deal with the blow that has been dealt to their family and Kingdom, but judging by the end of 233, looks like there's a plan a-brewin'! Thanks for the letter, Lonerli!

Dear Sonic-Grams,
I'd like to begin by saying that you guys do a phenomenal job on the comics. Recently, I've really liked the storyline a lot. One thing I enjoyed in my most recent issue, number 232, was the second story about Bunnie and Antoine. I thought the emotions were shown well, and I really got a different sense from Scott and David Tipton's story. It was a nice change from the regular action-packed comics. Anyways, I'll have the usual.
1) Is Tails Doll going to have a larger and terrifying role in the comics?

I would tell you, but it's too creepy to think about... :shudder:

2) Thank you for having a Bivalve prelate in SU.

I assure you, the pleasure was all mine!

3) How many funny/enjoyable/amusing comments is the Sonic-Grams guy going to include in their answer?

Flattery will get you printed!

4) Please pass the letter to Eggman. Eggman, you are annoying and egg-shaped.

That's all I have to say!
